COMAL 80 STANDARDISATION AND DEVELOPMENT GROUPS

16/12/83

Dear Erling,

I enclose the minutes of the recent meetings in Copenhagen. Under the rules of the Group, you have three weeks in which to send corrections. However, this will be relaxed somewhat because of the Christmas mail delays.

Might I emphasise a few points from the minutes:

1. Every implementor is to provide some test programs which are believed to be within the Kernel and therefore portable.
2. Proposals for consideration at the next meeting should be prepared well in advance.

I also enclose a copy of the revised draft standard and your comments on this are also welcome. Finally, could I thank you for your efforts in the Group and wish you the compliments of the season.

Yours sincerely,

K.T. Ryan
